How To: Favorite Items

Favoriting items will save products you love in one easy-to-access location, making it painless to reorder or find

To Favorite an Item via search:

Step 1. Search for a product.

Step 2. On the search results page, find the item you're looking for. Above the product title is a white heart. **Click** on the heart to add to your favorites.

To remove an item from your favorites, click on the heart again and it will be unadded. You will know when a product is added to your favorites if the heart is filled gray as shown below.

To Favorite an Item via search:

Step 1. Search for a product.

Step 2. On the search results page, find the item you're looking for. Above the product title is a white heart. **Click on** the heart to add to your favorites.

To remove an item from your favorites, click on the heart again and it will be unadded. You will know when a product is added to your favorites if the heart is filled gray as shown below.

How To: View Favorites

To View Favorited Items by Search Results:

Step 1. Search for a product.

Step 2. On the search results page, to the far left under the first facet category named *Search Options*, select the **"Previous Purchase"** filter box.

Step 3. Search results now will only show items for that search result that have been favorited.
